

# THE YAZOO SENTINEL.

VOLUME XVI.

YAZOO CITY, MISSISSIPPI, THURSDAY, AUG. 6, 1891

NUMBER 10

HENRY & BARBOUR, Proprietors.

GOD HELPS THOSE WHO HELP THEMSELVES.

TERMS: \$2.00 per annum in Advance.

There are 194 cotton seed oil mills in the South, representing a capital of more than twenty millions.

ANDERSON HAYES, one of the Knoxville, Tenn., convicts was shot and killed by a guard while trying to escape.

GOVERNOR BUCHANAN has called the Legislature of Tennessee to meet in extra session at high noon on August 17th.

The Illinois Central has placed orders for twenty-two locomotives, in anticipation of increased world's fair traffic.

GEORGIA'S first bale of cotton for this season was sold at public auction, in New York City, for seven cents per pound.

A TELEGRAM from London says: That Queen Victoria is so ill that she is physically unable to perform arduous State duties.

One hundred thousand people have left New York since the first of May for Europe, is the estimate at the New York Herald.

TENNESSEE may go to the World's Fair after all, Gov. Buchanan having agreed to lay the matter before the general assembly.

A DISPATCH received in London from Mecca states that the death rate is 140 per day at that place and 50 daily at Djedda.

The southern educators present at the Toronto meeting were among the most prominent as participants in the deliberations of the great convention.

GOVERNOR BUCHANAN has granted a respite until September 25th to Andrew Jackson, the murderer sentenced to be hanged in Memphis on Friday the 31st ult.

JOHN C. S. GUNN, editor of the Pittsboro Banner, died at his home on July 22nd. He was a strong, finished writer, and the press sustains a great loss in his death.

THE World's Fair Commissioners have secured the old house in which Frank and Jesse James were born and will have it in Chicago as one of their exhibits.

W. J. ELLIOTT, the noted Columbus, Ohio murderer, has been found guilty of murder in the second degree. The trial has been progressing for some time and caused great excitement.

THE Corinth Sub-Seller does not say why, but says the re-nomination of the three Railroad Commissioners, Sessions, McLaurin and Askew, "was eminently proper—an endorsement they deserved."

THE threat made some time ago by the Farmer's Alliance they would unite to bull the wheat market by withholding their grain is really being carried into effect, and the result must be a slow market.

JOHN B. EINHART collector of the Port of New York, has sent in his resignation to take effect Aug. 10th. The President has accepted the resignation and appointed J. S. Fassett, of Elmira, N. Y., as his successor.

THE American Sabbath Union in convention at Ocean Grove, N. J., adopted a resolution yesterday protesting against the opening of the World's Columbian Exposition at Chicago on the "American Christian Sunday."

At the meeting of the National Republican Committee in Washington City on the 29th ult. The resignations of Quay as chairman and "blocks of five" Dudley as Treasurer were accepted with deep regret. I. S. Clarkson of Iowa succeeds Quay.

Mrs. MARIA NEVENS BLAISE wife of Jas. G. Blaine, Jr., has taken up her residence at Sioux Falls, S. D., for the purpose of acquiring there a legal residence which will enable her to secure a divorce from her husband in accordance with the laws of that State.

The monthly crop reports now being received in Nashville show that cholera is playing havoc with swine in the counties of Tennessee bordering on the Mississippi river. These reports are however the exception as the stock in other counties in the State is generally healthy.

I. P. MILLER, an ex-conductor on the Georgia Pacific Railway has been arrested in Columbus, Miss., charged with being one of a gang of thieves who have been breaking open cars in the Georgia Pacific yards and stealing the contents. Miller has been sent to jail in default of \$500 bail.

STEPHEN A. BRAY, the young Atlanta dry goods merchant who failed some time ago for \$2,000,000 is behind prison bars. He has been jailed for contempt of court, being charged with having in his possession assets to the amount of \$125,000 which he refused to hand over to his creditors.

The prospects are that, when the Fifty-second Congress Assembles in Washington next December, two men will present themselves in the Senate for the occupation of one of Florida's seats—Wilkinson Call, elected by the Legislature of the State, and W. D. Chipley, appointed by the Governor. And, under the circumstances, there is little doubt of the result. The United States Senate will, if it follows precedent, be pleased to honor the expressed will of the Florida joint assembly by seating Mr. Call.

Mrs. Kate McWille Noland died in Canton on July 20th, 1891, in the 59th year of her age. This lady was the oldest daughter of the marriage of the late Governor William McWille and Miss Catherine Anderson, and was born in Camden, Kershaw District, South Carolina. In her youth she was celebrated in the society of Washington City, and had a national reputation for the extreme beauty of her person, and the graces of her mind and manners.

SEVENTY million dollars in gold and millions of dollars worth of gold dust, ornaments and precious stones have been discovered by a contractor in the old South American Castle of San Antonio. The contractor from Rio Janeiro, Brazil, was engaged in tearing down the castle when he discovered the mine where it had been hidden some time in the last century. According to law one half goes to the government the other half to the finder.

A special from New York to the Chicago Tribune of Tuesday, says that Raphael Malato, the young Italian who recently married Nina Van Zant, the maid widow of the executed anarchist, August Spies, is already weary of his bride. The couple are spending a few days in New York before going abroad. Malato, it is said, has had frequent violent quarrels with his wife and is not particular whether the public learns of his behavior or not.

Hon. S. McAllister, the leading anti-sub-treasuryite of the State, has issued a call for an anti-sub-treasury convention to meet in Jackson, August 10th, by virtue of authority given him by the Southern anti-sub-treasury league which met at Fort Worth, July 10th, and called a national convention to meet in St. Louis, September 15th, next. The Convention at Jackson will appoint delegates to the St. Louis convention.

At a meeting of the stockholders of the Wesson Mills held last week, Mr. Robt. E. Williams, of St. Louis, was unanimously elected Secretary and Treasurer. Mr. Jno. P. Richardson was elected President for the ensuing year, with the following directors, J. P. Richardson, R. L. Saunders, D. B. Money and W. M. Gordon.

IMMENSE crowds of people estimated at 25,000 gathered at the funeral of the victims of the late railway accident at St. Mandre, France. The crowds were so great that it required the Prefect of the Seine and a strong detachment of troops to keep the route of procession clear.

A check was presented to the bank this week for \$318 for plumes, and upon inquiry it was found that some enterprising hunters had been killing cranes and marketing the feathers that are saleable. Quite an industry, something new for the Delta.—Clarke's Advance.

THE railroads are expecting to reap a rich harvest from Kansas this season. The wheat crop of that State will aggregate 60,000,000, and it will take \$6,000,000 to transport it, or \$20,000,000 to pay freight on the wheat, corn, oats, and live stock of the State.

SHERMAN CHAPMAN, and Lewis Evans, two laborers living near town, became involved in a difficulty which resulted in the former striking the latter in the stomach with his fist, from the effects of which Evans died soon after. Chapman is in custody.

An Unimpeachable Fact. In their address to the people of Kansas, the Democratic editors of that State touch upon the very meat of the issues raised by the People's Party. They say very pertinently to that: "We cannot shut our eyes to the fact that the indictment presented against existing wrongs by the People's Party is a complaint against wrongs perpetrated by the Republican party and continually objected to and pointed out by the Democratic party."

This is a fact plainly stated. Yet there are people who draw up an indictment against the Democratic party, which has been powerless to redress the wrongs and correct the evils with which the Republican party has burdened the people of this country.—Meridian News.

THE corn crop is made, and every one says it is the largest that has ever been raised in the county. As there is not a bug in the county the question naturally presents itself, what to do with it? —Times Independent.

The Development of the Northwest. "The Great Northwest" becomes a very indefinite phrase as the frontier moves westward with each decade. The new states that have recently been admitted to the Union have a good title to the old term "The Great Northwest," and the two Dakotas, Wyoming, Montana, Idaho and Washington make a great empire of new possibilities. The Chicago & Northwestern Railway, that once covered the "Old Northwest," ministered to its growth and greatness and was a great missionary factor in the development of northern Illinois, Wisconsin, Iowa, Northern Michigan, Minnesota and Nebraska. This was the Old Northwest, and now, by branch lines or by its alliance with the Union Pacific Railway it stretches out its protecting arms and hand of help to the six new states which have begun their march in path of progress.

What a mighty tide of traffic is served by the thousands of miles of railway that compose the Chicago, Union Pacific and North-Western Lines! Reaching sixteen states and the territory of Utah, and touching more than 4,000 cities and towns, there is sure to be a wonderful growth and development, and somewhere in this mighty empire, there is always the high tide of prosperity and great opportunities for capital, brains and energy.

The splendid Vestibuled Trains of the North-Western, which provide all the luxuries of travel, convey the traveler comfortably and safely to nearly every part of the "Great Northwest." One of these trains runs through, solid, from Chicago to Portland, Oregon, with sleeping car Chicago to San Francisco without change—another conveys passengers between Chicago and Denver with the loss of only one business day en route, and still another takes them to the Twin Cities of the northwest (St. Paul and Minneapolis), or to the rapidly growing metropolis, Duluth, without change. These cars represent the highest skill and ingenuity of the best manufacturers in the world; combining in the highest degree, elegance, safety and luxurious comfort.

Excellent meals in North-Western Dining Cars, which enjoy a national reputation for excellence, are served at the uniform price of 75 cents each, and Free Reclining Chair Cars are run on through trains between Chicago and Council Bluffs, Omaha, Denver and Portland Oregon.

The comfort and convenience of passengers desiring to travel at a small expense upon second-class tickets is promoted by the provision of accommodations for their use in tourists or Colonist Sleeping Cars which are supplied with every requisite for comfort, and in which completely furnished berths may be secured through from Chicago to Portland, Oregon, or Chicago to San Francisco, at the nominal rate of \$4.00 per berth for a 14 ticket agents at the Union Pacific and Canada sell tickets via the North-Western, and time-tables and full information can be obtained upon application to any of them, or by addressing Mr. W. A. Thrall, Genl. Passenger and Ticket Agent, Chicago, Ill.

An Anti-Sub-T Convention. JACKSON, Miss., July 28.—Hon. W. S. McAllister, of Madison county, assistant State lecturer of the Mississippi Alliance by authority from the Southern Anti-Sub-Treasury League, which met at Fort Worth, Tex., on the 10th instant, has issued a formal call for a State convention, to meet in Jackson, Miss., on Wednesday, August 19, next, to appoint delegates to the St. Louis convention and to effect a State organization in aid of the purposes set forth in the Fort Worth platform.

He invites there as participants in said convention all Alliancemen who are opposed to the sub-treasury and land loan schemes and turning the Farmer's Alliance into a secret political machine for the benefit of designing shams and leopards demagogues; all who are opposed to Macneilism in the Alliance with its corrupting bribery, perjury and fraud; all who are opposed to whitewashing of official infamy as was done in Macneil's case at Ocala, Fla., all who are opposed to turning the political party commonly known as the "Alliance" as it is publicly avowed purpose of the National Alliance officials to do; all who are in favor of restoring the Alliance to its original purposes and making it non-partisan non-political organization, free from the contaminating influence of intriguing frauds and mercenary impostors; to make the Alliance fight for relief upon sound, feasible measures, such as tariff revision, free silver coinage, abolition of national banks, a graduated income tax, etc.

S. S. Prentiss—An Old Advertisement. Editor of the Clarion-Ledger. In an old file of The Ariel, Vol. IV., published in Natchez in 1828, recently sent me by my young friend Mr. Wm. Dixon, of Greenville, Miss., a grandson of Rev. William Winans, I find this in the advertising columns. It is reproduced as a historic and educational curiosity:

Education. THE subscriber has taken the Academy at Second Creek, (near the Court House), where he will teach all the branches of a good English or Classical Education. The situation makes it extremely convenient for those who might wish to send their children from town, during the sickly season.

Terms of Tuition, per quarter: For common English branches \$5.00 "Latin, Greek, Mathematics, &c. 12.00 (Mr. Alvarez Fisk.

N. B. Read in private families, for a limited number of pupils, can be obtained in the vicinity of the Academy.

S. S. PRENTISS. Natchez, July 24th, 1828. Thus began the public career of America's most brilliant senator. The young man soon needed no "reference," but his own peerless genius, to command not only the patronage but the homage of a countrymen. Very respectfully, CHAS. B. GALLAGHER, Jackson, Miss., July 29th, 1891.

Harlem will organize at an early date a local building and loan association. Five hundred shares of stock have already been subscribed.

It is estimated that \$100,000,000 (hundreds of millions) will be shipped from the United States to Europe this year. This will bring back much of the gold that now lies idle in banks of the old world.

The Georgia legislature has under consideration a bill prohibiting physicians who use intoxicants from practicing their profession. It is said that a bill inflicting a like penalty on the saloons would wipe out the legislature in a few hours.

A DAILY jewelry newspaper will be a novelty, but the publishers of the Jeweler's Review, published at No. 31 Maiden Lane, New York, announce that in August their weekly will be changed to a daily. The Jeweler's Review will be published every morning for \$1 a year.

CALIFORNIA shippers have some fear of competition with Eastern fruit. From twenty to twenty-five car loads of fruit are leaving the State now daily being principally Bartlett pears which are very green. In three weeks from now shipments will average fifty cars per day.

As an evidence of the confidence of Northern capitalists in Southern investments, the fact is noted that Mr. W. H. Howcott recently consummated a sale of 9000 acres of land in Livingston parish to W. W. Frazer, the big Pennsylvania sugar refiner, and another of 10,000 acres in Grenada county, Miss., to the Pennsylvania pool, composed of four gentlemen whose aggregate wealth is over \$150,000,000.

As far as the people and property owners of Calhoun are concerned the courthouse question is by no means settled. There is much indignation expressed at the agreement to divide the county into two judicial districts by a few self constituted leaders of the county at Memphis last week. This caused the prominent citizens of Lyons, Friars Point, Lumb, Eagle Nest and Johnston to meet in the last named place on July 27th, for the purpose of expressing their indignation at the action of these arbiters of a question that has always been left to be decided by a vote of the people of the county. In agreeing to divide the county into two judicial districts, selecting Clarke'sdale as the seat of one district and Friars Point for the other.

THE I. L. & C. Some of our esteemed contemporaries seem very highly wrought up over the action of the I. L. & C. in dividing the county into two judicial districts. They are very much incensed at the action of the I. L. & C. in dividing the county into two judicial districts. They are very much incensed at the action of the I. L. & C. in dividing the county into two judicial districts.

THE charge that teachers have been elected to chairs, without fitness or ability, is not supported by the facts in the case. The teachers of the different departments and the others which lates the College and board of trustees, qualified by six or seven years of hard study and application, and has been pronounced by able authorities to be highly proficient in that department, having spent several years in school of instruction. The clique of Calhoun which lates the College and board of trustees, on account of their feeble action in meeting Pres. Coke, and it is from these that the rest of the world gets its information about the I. L. & C. This school is an institution in the educational world, there being no other exactly of its kind in the U. S. It has done nearly all the work for the girls of Mississippi, and it should be the pride and pleasure of every Mississippian to lend its influence to aid it in achieving greater things in the future. Its alumni can boast of a broad practical education, and some of them adorn high positions as instructors in schools in various parts of our country.—E.

A good, green thus sweeter than cane sugar and twenty times sweeter than beet sugar is reported by a German chemist to be made from cotton seed meal. It cannot be sold to compete with the ordinary article.—Macron Beacon.

It would not need to be sold as cheaply as the ordinary article, to become popular. If fifteen times sweeter than cane sugar, it would be cheap at ten times the price of the ordinary article. By the way, a sugar has been discovered in cotton seed that exceeds in sweetness anything else ever discovered.—Alfred Knicker.

Notice. Applicants for free tuition in the Industrial Institute and College, Calhoun, Miss., will be examined in the Court House, Yazoo City, August 21st, 1891, commencing at 10 o'clock a. m. Yazoo County is entitled to (8) eight students with free tuition in the I. I. & C. (4) four in the dormitory and (4) may board in private families. There are now only (2) vacancies in the Dormitory to be filled from this county.

ABSOLUTELY PURE

The Effect of Cocaine.

The evil effects of cocaine was demonstrated in this city yesterday, and came near causing the death of an estimable lady. Mrs. A. H. Longino, who is here on a visit to her mother, was suffering with toothache, and called on a dentist to have it extracted. She insisted on a hypodermic injection of cocaine to deaden the pain. The drug was administered, the offending member removed, and Mrs. Longino left the office. When she got down stairs she was seized with a sense of dizziness and sat down in a chair at Hunter & Co.'s drug store, where restoratives were given. Her friends were notified and carried her to the store of Lusk & Buckley, where she received every attention possible, but it was a long time before she was sufficiently restored to be taken home. The drug had exercised a powerful influence over the action of the heart, and for an hour the worst was feared. Mrs. Longino's many friends will be glad to learn she has fully recovered from the shock.—Clarion-Ledger.
